SEEK METHODS TO STOP BUILDING TRADES STRIKE

CONSTRUCTION IN CLEVELAND AT STANDSTILL

Members of Employers' Association and Workers' Council Meet.

DEADLOCK EXISTS

Only Work On Residences and Smaller Apartments Continues.

Cleveland, March 1.—Members of the building trades employers' association and building trades councils were meeting in separate secret sessions, today, in efforts to agree upon some means to still bring peace in the industry and permit work to continue upon construction here, following abortive efforts to agree upon wage scales and working conditions in a joint meeting which did not break up until after 3 o'clock this morning. Glaziers agreed yesterday, to accept a wage scale of 75 cents per hour instead of 80 cents as provided in the last contract, and 60 cents as proposed by builders in their tentative scale, posted on all work under contract to members of the association, today. Plasterers and their employers also agreed upon a wage scale of \$1.04 per hour, the same as at present.

Other organizations were apparently hopelessly deadlocked over the question of wage reductions while the carpenters were still holding out for rules which employers contended restricted production. Work on big buildings, including the federal reserve bank, new Keith theatre and apartment houses, was at an absolute standstill, but work on many residences and smaller apartments continued, an agreement having been reached with independent contractors, who have most of this work to pay the present scale for a month pending a permanent settlement. Meanwhile unionists were insisting that the present agreement had still two months of life and a resort to the courts, seeking an order to compel the paying of the 1921 scale until May 1 was being considered.

PLAN CHAIN OF KENNEDY STORES IN THIS SECTION

An incorporation to promote and conduct a chain of grocery stores in cities of this section of the state is the purpose of an agreement reached Wednesday morning, between J. W. Kennedy, of the Kennedy grocery stores, and Elwood Dunkle, who had contracted to purchase the two Kennedy stores here, by which the sale is refuted and the corporation is formed under the name of the Kennedy Grocery Company.

Application for a charter and for articles of incorporation will be made in Columbus immediately, with Mr. Kennedy and Mr. Dunkle chief stockholders. Three more stores will be started as the first link in the chain to be promoted as soon as the corporation is legalized. The action followed the agreed sale of the Kennedy Economy Market on West Market Street and the Kennedy Home Grocery on East Main Street, by Mr. Kennedy to Mr. Dunkle, as announced Saturday.

The original agreement called for Mr. Kennedy's retirement from the business. Wednesday morning, buyer and seller agreed to Mr. Kennedy's retaining his interest in the stores and the organization of an incorporation with the purpose of starting a chain of groceries similar in operation and management to the two Kennedy stores here. According to the plans of the chief stockholders, the company will extend its interests to other cities, outside of Xenia and Greene County, establishing three such stores as soon as possible, with plan of continuing the chain later. The two Xenia stores will be continued under the same plan of operation, with Mr. Kennedy and Mr. Dunkle as managers of the chain. J. W. Kennedy started the Kennedy Home Grocery on East Main street four years ago, and a year later started the Kennedy Economy Market on West Main Street. For a time he operated the Kennedy store in Yellow Springs, which he later sold. Mr. Dunkle has had a number of years experience in the retail grocery business, operating a grocery at Osborn, before he came here several years ago, as a sales representative of the Eavey Wholesale Grocery company. He has resigned his position with the Eavey company to give his time actively to the new chain of groceries, and will assume his duties with the Kennedy Grocery Company, March 8.

FIRE COMPLETELY DESTROYS BLOCK

Pueblo, Colo., March 1.—Fire that broke out in the business district here, early this morning, destroyed the Grand opera house block including several stores, with an estimated loss of \$600,000. The federal building, housing the post office and others federal officers was threatened for a time with destruction. Many firemen had narrow escapes from death as the walls and tower of the opera house building fell. The flames were fought in zero weather and raged for several hours before being brought under control.

AMERICAN NAVY MUST BE KEPT UP-TO-DATE

Senator Warns Against Allowing Department to Run Down.

RAPS "PACIFICISM"

Declares Move On To Reduce Navy to "Negligible Position."

Washington, March 1.—We should trust in ourselves and keep our powder dry, declared Senator Miles Poindexter of Washington, ranking Republican member of the senate naval affairs committee, in warning today against the American navy being permitted to fall below the 5-3 ratio of the naval armament limitation treaty. Poindexter, who is slated to succeed to the chairmanship of the senate naval affairs committee charged the "pacifism" in the guise of "false economy" is threatening to reduce the American navy to a "negligible position."

"One objection made to the naval treaty is that it prohibits the erection of fortifications on certain Pacific islands," Poindexter said. "This gives rise to the question as to whether or not, if we had no treaty, we would or could erect fortifications, on those Pacific islands, which we possess. "With the limitations the treaty places upon us, our responsibility becomes all the greater to maintain a navy equal to that of any other power in the world—the proportion of five to three to Japan. It is quite evident that we are going to have a struggle to do this as the same group of pacifists, who, notwithstanding the example of Russia, China and Armenia and believing that helplessness is synonymous with peace, are making a fight to prevent the maintenance of the American navy on even the basis provided by the treaty."

"These pacifists would reduce the American navy, if they had their way to a negligible position—two or even one in the equation as related to five on the part of Great Britain and three for Japan. "With an adequate navy, and an adequate number of thoroughly trained officers and a somewhat longer term of training for our enlisted men, and a sufficient number of seamen to maintain our ships and keep them prepared for action, our Pacific possessions and our mainland which is inseparably connected with our possessions everywhere would be safe."

Princess And Viscount Are Now On Honeymoon

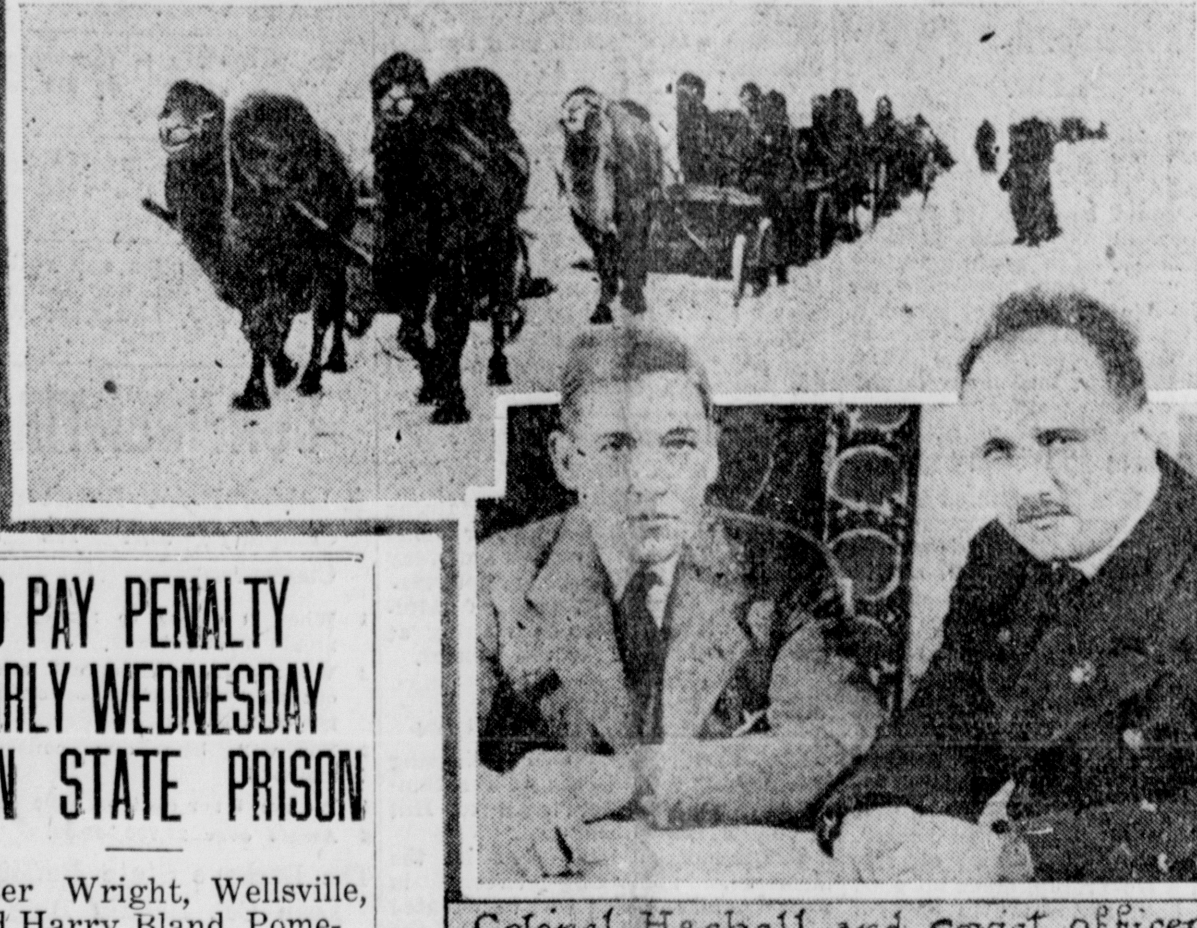

Royal Couple Begin Wedded Life Among Hills and Dales Of Shropshire—Will Be Isolated From Outside World.

Shifnal, England, March 1.—Amongst the beautiful hills and dales of Shropshire, Viscount Lascelles and his royal bride, the Princess Mary, began their honeymoon, today. They are living quietly at Weston Park.

There was a big demonstration out of all proportion to the size of the village arrived by train from London. A great crowd of men, women and children crowded all about the small railroad station. A group of girl guides, in uniform, an organization similar to the Girl Scouts in America formed a guard of honor to the bride. Both the bride and groom were radiantly happy and smiled as they acknowledged the cheers and shouts of welcome.

The honeymooners will be completely isolated from the outside world. No visitors will be received at Weston Park nor will the couple be accompanied by any state attendants. The only persons upon the estate in addition to the bride and groom are the servants. Both the Viscount and his bride are very fond of sports and this taste, in common, enhances their natural happiness. They will spend their time

TWO PAY PENALTY EARLY WEDNESDAY IN STATE PRISON

Walter Wright, Wellsville, and Harry Bland, Pomeroy, Electrocuted.

Columbus, O., March 1.—Walter Wright, 28, of Wellsville and Harry Bland 28 of Pomeroy, paid the penalty for murder, in the electric chair at the Ohio penitentiary shortly after midnight this morning.

Bland murderer of George Washington Beagle, aged grocer at Tanners Run, was the first to die. He was pronounced dead at 12:19, after four applications of the electric current, the most that it has ever been necessary to use in the Ohio penitentiary.

Wright died at 12:29 a. m. His one-minute talk before seating himself in the chair was one of the most dramatic ever heard in the death chamber. As he walked toward the chair he shook hands on both sides with penitentiary officials. Then with a smile on his face, he said to the fifty men assembled: "No doubt there are a good many of you here, who think that I am leaving the world with malice in my heart, I am not. I want to tell you that several years ago any sister was converted here in the Billy Sunday meetings. She wanted me to become a Christian then, but I laughed at her. I want to say to you that I found Christ here in the penitentiary and I am happy to go to meet him."

LENT IS OPENED WEDNESDAY WITH SPECIAL SERVICES

Beginning Wednesday, several churches of the city are preparing for the observance of Lent.

The most complete programs in the city, are those planned by the Catholic Church and the Episcopal denomination. Wednesday evening St. Bridgid's Church will witness the distribution of the ashes, at a special service. Twice weekly services with special sermons by the Rev. Father Albert Burke, will also be held during Lent.

At the Episcopal Church, the regular Lenten service, the penitential office will be held, Wednesday night at 7:30 in charge of Carl Nybladh, who will deliver an address. Meetings will be held each Wednesday night, during the Lenten period. Beginning Friday afternoon a series of Friday musical programs for children of the church will be held. The communion service will be held Sunday morning.

The Rev. B. B. Uhl, pastor of the First Lutheran Church, is announcing a series of Wednesday evening meetings, during Lent. The Rev. Uhl will also deliver a special sermon, upon "The Lenten Call" at the Wednesday evening service.

RUSSIA WILL NOT BE INCLUDED IN COMING WORLD CORPORATION

Organization To Be Formed for Reconstruction of Europe Will Not Allow Nation, Which Refuses to Recognize Debts To Be Admitted.

London, March 1.—Russia will be excluded from the proposed international corporation for the reconstruction of Europe, it was learned this afternoon. Sponsors of the corporation ruled that "any nation, which refused to recognize its foreign debts should not be allowed to participate." Soviet Russia so far has repudiated all her foreign debts.

UNION BUILDING TRADES MEMBERS GO ON STRIKE

Cleveland, Feb. 23.—All union employees of members of the Building Trades council walked out today when employers posted notices reducing wages of their employees from 13 to 36 percent, following a failure to agree upon a new scale. Contracts totalling upwards of \$200,000 in new construction are tied up and additional lettings are halted pending an agreement upon a wage scale.

Bonus Bill Originated In Congress Says MacNider

National Commander of American Legion Issues Statement In Which He Says That Organization Believes Matter Advantageous to Nation.

BY HANFORD MACNIDER
National Commander of the American Legion.

Washington, March 1.—The American legion in asking that the adjusted compensation bill be passed wants it clearly understood that this legislation originated with congress.

At the request of congress the legion worked out from a great number of suggested plans the present five-fold compensation bill. The legion feels that by such constructive features as those which embody farm and home aid vocational training, land reclamation and settlement and paid up insurance, recognition from the government of the veterans' service man's ability to become a more constructive citizen. The legion still feels that way.

The adjusted pay, or cash feature, allowing forty per cent less than any of the other options was framed to take care of the men, who because of unemployment or ill fortune, would not be able to take advantage of the others. The payments \$50, once every three months certainly do not form as desirable compensation compared to the great benefits so well defined in the names of the others.

The cost to the government has been in a great many financial journals, grossly exaggerated. Were half of the men allowed to choose the cash feature it would not exceed four hundred million dollars the first

THREE ALLEGED BANDITS FOUND; FOURTH SOUGHT

Police Nab Trio Following Daring Daylight Job In Columbus.

GET PART OF LOOT
Trace Men By License Number On Car—One Makes Escape

Columbus, O., March 1.—Having captured three of the alleged highwaymen and recovered part of their loot, police, today, are searching for the fourth bandit and the auto which figured in the daring daylight hold up when \$3,911 cash, \$6,900 in liberty bonds and \$53,735 in non negotiable notes were stolen from the Hill Top branch of the Citizens Trust and Savings bank, 2395 West Broad street yesterday.

Tracing the alleged bandits by means of the license tag number on their car, a posse of police surrounded a west side residence, 271 Dakota Avenue, capturing James Dunlap, 36, Charles Provence, 32, and George Richmond, 29.

Providence, it is claimed, is a brother-in-law of George "Red" McGahan, gunman and bank robber. Richmond was identified by police headquarters as Harry Lutz, Chicago. With the arrest of the trio, the police recovered \$1,250 in cash, \$2,100 in liberty bonds and \$4,500 in non negotiable notes. Officers are searching for the missing car and the other bandit in the hope that his apprehension will result in recovery of the rest of the loot.

These alleged highwaymen are suspected of having held up and robbed the South Columbus branch of the Citizens Trust and Savings Bank, Parsons Avenue, December 21 last, escaping with \$7,936.35 in cash.

ARE WILLING TO PLAY

Having had their challenge accepted from two different quarters the Xenia Victors now claim they are willing to play either the Brunson Bootery five or the Bear Cats, providing they are given a \$15 guarantee, win or lose.

The Victors say they will be ready to play any Friday after March 3. Managers of the Bootery five and the Bear Cats are asked to get in touch with Ernest Jackson or George Ewing.

Instead, Plan Will Be Worked Out Making Insurance Attractive.

LESSEN CASH DRAIN

Will Rush Scheme to Speedy Conclusion It Is Now Announced.

Washington, March 1.—After milling around for days over methods of raising funds for the proposed soldier bonus, Republican leaders of the house definitely decided today to abandon all plans for getting the money through the levy of special taxes or the utilization of foreign bonds.

Instead, it was agreed this morning, at a lengthy session of the ways and means committee that a plan would be worked out which will not cause a heavy demand for cash payments and its accompanying drain on the treasury for at least two years.

The outline of the plan, as agreed upon, will make the insurance feature of the bill the most advantageous one by far and the cash feature the least attractive. This Republican leaders believe, will afford relief to those ex-soldiers who are desperately in need of money, but will not attract the vast majority of ex-service men, thus lightening the load the treasury would have to bear.

The plan will be in lieu of all others that have been broached and will be rushed to speedy completion, Chairman Fordney, Republican of Michigan, declared.

A committee was appointed to work it out, consisting of Reps. Fordney, of Michigan, Greene, of Vermont, Hawley of Iowa, Trevelyan of Massachusetts and Copeley of Illinois.

Fordney said he hoped to have the plan worked out in such a shape that it could be presented within a few days.

Today's action was the most definite that has been taken in days, and the Republican committee men apparently were confident that considerable progress had been made in solving the whole bonus problem.

TAYLOR MYSTERY IN SECOND MONTH IS YET UNSOLVED

Woman Quizzed By Police Throws Another Light On Matter.

Los Angeles, March 1.—Despite developments which served to revive lagging interest in the search for the slayer of William Desmond Taylor, the mystery of the murder of the film director, today, entered into its second month unsolved. Police authorities were in possession of a full statement from Mrs. John Rupp, also known as Mrs. Lynch who, yesterday, appeared at the Willshire police station and told a story which resulted in the arrest of six men with suspicion of the murder of Taylor against them.

She told of having heard of the life of Taylor being threatened by these men before the murder took place.

Mrs. Rupp was being held practically uncommunicado, today, a police guard having been established about her home. Meanwhile, detectives were busy checking alleged alibis set up by all the men under arrest. They also investigated Mrs. Rupp's record and are understood to have learned that she at one time attempted suicide following a quarrel with a man.

Police are especially interested in Mrs. Rupp's story because the theory that Taylor may have been slain by bootleggers has never been entirely eliminated. It is believed that it was this angle that caused detectives on direct orders from District Attorney Woolwine to again question Mabel Normand last person to see Taylor alive. When Taylor's body was found in his bungalow home, two cock tail glasses were found on a nearby tray. In her original statement Miss Normand did not speak of having had drinks with Taylor and it is believed she was again questioned in order to establish whether Taylor had a later guest than herself to whom he may have served drinks.

MRS. ROSALIE RITTY DIES IN LAYTON; FORMER XENIAN

Word has been received in this city of the death of Mrs. Rosalie Ritty, formerly of this city, who died Tuesday morning at her home 1029 Redfern avenue, Dayton.

Mrs. Ritty resided in this city a few years ago, when Mr. Ritty conducted an ice manufacturing concern on Eng. Third Street.

Funeral services will be conducted, Friday morning at 7:30 o'clock, at her late residence, and at eight o'clock, in Corpus Christi Church, with burial at Calvary Cemetery.

CENTRAL HIGH TEAM TO LEAVE THURSDAY FOR OHIO TOURNEY

Coach Jerry L. Katherman of the Central High basketball team, Wednesday morning, announced the list of players that will represent the local school in the southern division rounds of the annual high school basketball tournament at Ohio Wesleyan, Delaware, Friday and Saturday.

According to tournament rules, each school can bring but seven players, who are permitted to participate in the games, excepting in case of injury, when another player may be substituted. The seven Xenia players, who will leave here with Coach Katherman at 3:13 o'clock Thursday afternoon for Delaware are Captain Paul Boxwell, center; Robert Gagner and Russell Vannorsdall, forwards; Robert Yeakley and Robert Douthett, guards; Edward Reutinger and Don Currie, substitutes.

Interest in the annual meeting is running high at the local school, with indications that a record breaking crowd of rooters will accompany the local five, or at least arrive in time for the beginning of play, Friday morning. The teams will draw for position on their arrival, and the first round will begin, Friday morning, play continuing all day. There, games will be in progress in the big Edwards gymnasium all the time, and each team will be allotted only 25 minutes of playing time.

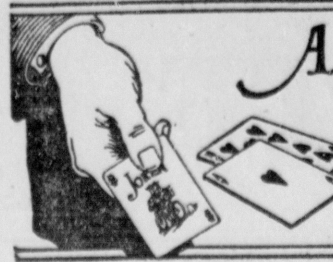

Last year the blue and white team established a record and covered itself with glory at the tournament. The team participated in five games, winning four of them and losing the fifth after an unusually hard schedule. The team established its record by being one of the three teams that for the first time in the history of the tournament, shut out their opponents without a point. Xenia whitewashing Hillsboro 24 to 0.

Bob Husted, sport editor of the Dayton Journal criticizes the tournament plan which permits many teams without a chance of getting into the semi-finals to participate, thus making it necessary for many games to be played and requiring some teams to play four or five games a day in the elimination series. Husted suggests splitting the tournament into class A and B teams, or to follow in the footsteps of Indiana which divides the state into ten districts, the ten winners only participating in the semi-finals to decide the championship. The district meets could be played on college floors in those districts, and the finals allotted to Ohio Wesleyan because that school inaugurated the tournament plan.

LETTER VERIFIES REPORT OF RECEIVING AWARD

A letter from the "M" Association of Miami University, received by Coach Jerry L. Katherman, verifies the report that Xenia Central High will receive the silver loving cup awarded to the school with an attendance under \$500 and within a radius of 75 miles of Dayton, which had the best football team in its class last fall.

The award was made several weeks ago by a committee of judges composed of newspaper sport writers from cities in this district, and according to word received by Coach Katherman, the Miami authorities will obtain the cup from Ada High School as soon as possible and have it presented here, if possible. Coach George Little, of Miami University, will come here and make the presentation of the cup to the student body of the local school.

Do You Play Auction Bridge?

Come on in. The Game is fine. They all are doing it.

"One Man's Weakness May Be Another Man's Opportunity"

It is an understood fact that luck at cards will run with certain players in straight deals at any game. Such luck is called "gamblers' luck."

Therefore, about twenty-five years ago, Mr. Cassius Paine devised and patented an apparatus for playing duplicate whist. This device is a tray for holding a deck of cards dealt into four hands. Each table playing is allotted a certain number of these trays and the hands after being played, are returned to their original compartments in the trays, which are then passed to the next table. In this manner, all of the players seated toward the north at all tables play the same hands in the course of the contest; all those seated toward the south, east, and west do likewise.

This form of play was adopted by The American Whist League for all of their contests. Later, when Bridge made its debut into the world of sport, and also when Auction Bridge superseded it, the same plan was followed. During the World War, Mr. Milton C. Work conceived an idea whereby a large sum of money might be raised by using this scheme, and the "Red Cross Contest," using trays, was the result.

Now again Mr. Work has come forth with a new plan for charity card playing, called "Par Auction," implying "hands of equal value." By this scheme, the experts in many cities in the United States are playing identical hands of Auction for charities. The auditing of all score cards at a central station will reveal the best player. The plan is this: Two decks of cards are so marked that twenty-four picked hands may be dealt, twelve from each pack, and these hands are played in turn by different players. While this scheme is very ingenious, it will not be interesting for more than four sittings of the contest, inasmuch as the hands, which are freak or interesting combinations sent in by devotees, will be remembered and the play, therefore, will become monotonous. When trays are used, and new sets of hands are arranged at different times, the play is not so likely to lose its interest.

The test of skill in Auction is generally made by four as evenly matched players as possible, so that with "Par" deals or duplicate hands provided by using the trays, the play shows each one's judgment, observation, keen perception, and skill as they are brought into use, and proves the truth and appropriateness of the quotation at the head of this article. For it is one man's weakness that proves the other man's opportunity. With exactly the same amount of value in each hand, the condition is the same as that obtained by giving several persons the same tools and materials with which to make a given article. In either case, the expert will turn out a finished product or score, and the novice will end with failure.

As an example in the following hand, it is a question as to what may be bid as an opening.

SUNSHINE SOCIETY MEETS TUESDAY AFTERNOON

Mrs. Frank Hurley was a pleasing hostess to the members of the Sunshine Society, at her home on Hill Street, Tuesday afternoon.

The afternoon was spent by the members, numbering twelve, in making quilts, which will be donated by the society to charity. At the business meeting plans were made for the customary greetings to be sent by the members, on Easter, to the aged sick folk of the city. Among the many small cheery deeds of the society, is the sending of messages to the sick on St. Valentine's Day, Christmas, and Easter. Several baskets of food were distributed on St. Valentine's Day by the society, to many poor families of the city.

A delicious refreshment course was served by Mrs. Hurley.

Mrs. G. A. McKay who has been confined to her bed with an attack of grip at the home of her son W. P. McKay on West Third Street, is improving nicely.

COOKING IS BLAMED FOR WORKERS' POOR HEALTH

East Lansing, Mich., March 1.—One third of all the workmen in the United States can't go to work every day because of poor health, and the blame lies with the American housewife, declared Miss Mary Sweeney, dean of the Department of Home Economics.

"Only sixty-six per cent of all the wage earners between the ages of fifteen and sixty are able work" says Miss Sweeney. "Of these six per cent are physically fit, according to medical science."

"It is the housewife's duty to remedy this condition. Poor food and bad-health habits are the greatest factors in poor health and unfitness."

The marriage of Miss Olive Esther Owens, daughter of Mr. and Mrs. C. E. Owens, and Mr. John Philip Buck, son of Mr. Charles Buck, was solemnized, Tuesday evening at five o'clock, at the parsonage of the First Methodist Episcopal Church, the Rev. G. A. Scott, the bride's pastor officiating.

The couple was attended by Mr. and Mrs. Virgil Allen, of Dayton. The bride, a girl of much charm, wore for the ceremony her traveling hat of blue, with a becoming rose, and valley lilies.

Following the ceremony, Mr. and Mrs. Buck, left for Detroit, Mich., where they will spend their honeymoon. They will return in this city upon their return.

Mr. and Mrs. Buck are both popular young people having many friends, who are extending their felicitations upon their marriage.

SOCIAL AFFAIR

LARGELY ATTENDED

The largest of pre-Lenten affairs given by the congregation of St. Bridget's Church was the euchar and social held at the school auditorium, Tuesday night.

Thirty-two tables of guests enjoyed the game, members of the congregation and their friends being among the guests of the evening. The score prizes were won by Miss Agnes McCabe, Mrs. Robert Keble, Mrs. Charles McNamee and Messrs. C. F. Haver and Ralph Oster of Yellow Springs.

After vases, sandwiches and coffee were served the guests, the dancers enjoyed during the remainder of the evening. Music for the dancers was furnished by Mr. Herbert Shipley, of Lancaster, at the piano. A large number of people from Yellow Springs added to the large number of guests of the evening.

"REVUE" CAST GUESTS AT DINNER AND DANCE.

The cast of the "Minstrel Revue" given recently by Joseph Foody Post, of the American Legion, including members of the chorus and the principals, were guests of the members of the Legion, at a dinner and dance, Friday evening.

The dinner was served in the Legion rooms, members of the Legion Auxiliary serving the guests of the evening. A two course dinner was served, clever paper caps being given as favors. A short talk was given by Charles Weber, thanking the cast for its support. Later the company were guests of honor at the dance at the Knights of Pythias Hall. Paper caps were given each guest during the dance, music being furnished by the Novelty Four Orchestra.

GIVEN SURPRISE BY FRIENDS, TUESDAY.

Twenty-five friends of Mrs. William Eyer, arranged a pleasant surprise for her at her home on Leamen street, Tuesday evening. Music, and games were enjoyed during the time, the principal contest being won by Mrs. Elizabeth Fifer, who was presented a handsome handpainted china plate.

A three course supper was served late in the evening.

INVITATIONS OUT FOR SPRING DANCE.

Invitations have been issued reading: "Yourself and ladies are invited to attend the Junior Spring Dance, at Junior Hall, Friday, March 3, 1922. Subscription \$1.00 per couple. Novelty Four Orchestra. Committee: Elmer Shaffer, William Bath and Fred Stevens."

The Mother's Circle of Spring Hill School will meet, Thursday afternoon at two p. m. All members are requested to bring needle and thread and thimbles. There will be a program and refreshments.

Mrs. Arthur Perrill entertained the Ladies Aid Society of the Presbyterian Church, Wednesday at an all day thimble party. Dinner was served at noon.

Mrs. T. H. Zell received the members of the St. Agnes Guild, at her home on West Market Street, Wednesday afternoon. The meeting was the first held for the Lenten sewing.

Mrs. C. E. Arbogast will entertain the Ladies' Aid Society of the First Baptist Church, at her home on North King Street, Friday afternoon at two o'clock.

Mr. and Mrs. Arbogast returned Tuesday from Columbus, where they spent a few days, as the guests of Mr. and Mrs. I. N. Sprague.

Mrs. Rosa Tharp, of Troy, spent Sunday with her son and daughter in law, Mr. and Mrs. Clayton Swartz.

Mr. and Mrs. Walter H. Owens, of Cincinnati avenue, left, Monday evening, for St. Louis, Missouri, where they will visit with Mr. and Mrs. Harry E. Foley.

Mrs. W. J. Oglesbee, of North King street, was called to Dayton, Tuesday, by the sudden death of her sister, Mrs. Emma Ellis, of Wilmington, who passed away at the Miami Valley Hospital. The cause of death was a complication of diseases. Arthur Perrill, on North King street, is a nephew of the Mrs. Ellis.

L. C. McClellan, is confined to his home, on East Second street, suffering from an attack of grip.

The regular meeting of the Business and Professional Women's Club to be held, Thursday night, has been postponed, and will be held in two weeks.

Mrs. Jacob Baldwin, of West Third street, spent Tuesday and Wednesday in Dayton.

Mrs. Helen Dodds has recovered from a two weeks' illness, suffering from influenza.

Arden Sachs, of the Famous Auto Supply Company, returned Monday from a ten-days' business trip, to New York City, making the entire trip by motor.

FIRE DEPARTMENT CALLED

A fire burning out at the residence of Mrs. John A. Dodds, on West Third Street, Wednesday afternoon, necessitated the calling of the fire department, at two o'clock. No damage was done.

Mr. and Mrs. Elmer Drake, arrived Tuesday in Yellow Springs, after several months spent in Long Beach, California. Mr. Drake was formerly manager of the E. S. Kelly farm at Yellow Springs and resumed his former position Wednesday.

Mr. and Mrs. T. W. Neff, of Yellow Springs, arrived home, Wednesday, after a month spent in Sumerdale, Alabama.

Fifty-five members of the Daughters of America Lodge, at Paintersville enjoyed a potluck supper, at the lodge hall, Tuesday night. A social time was enjoyed following the supper.

G. F. Jobe, who is confined to his home on West Market Street, as the result of a fall, a few days ago, remains in about the same condition.

The fall resulted in a severe shock. Joseph Wead, who has been suffering from an infected hand, is recovering, the injury having healed.

BORINGS ARE DEFEATED BY OHIO BELL TEAM

The Xenia Borings were defeated by the Ohio Bell five leader in the Dayton municipal league at Dayton Tuesday night 27 to 20 in an overtime contest.

Julian Solowitz, star guard on the Xenia five played with the Bell quintette Tuesday night, Owens and Curlett holding down the guard positions for the crimson and white quintette. The Bells started off in the lead, holding the lead, 12 to 8 at the half.

Beginning the second half the Borings showed a rush of speed and ran the score up to 20 to 16. Here Pfeiffer slipped through the Borings defense and netted two baskets that tied the score, forcing the game into an overtime affair. In the five minutes allowed the Bell five scored seven points while the Borings did not get a point.

Solowitz will play with the Borings at the Rink Wednesday night when the local team meets the Beaver Cadets, known as the Brill brother's five for the second time this season. Four Brill brothers, and Ater, who has replaced Kitt, will compose the lineup of the Alpha aggregation. The lineup and summary:

Borings—20
Pfeiffer L. F. Stephens
Barlow R. F. Muterspaw
Solimano C. Cox
Hirschber L. G. Owens
Solowitz R. G. Curlett
Field goals: Pfeiffer 7, Barlow 5, Hirschberg 2, Cox 4, Muterspaw 3, Stephens 2, Owens 1. Foul goals: Pfeiffer 1. Referee: Klee.

SEAMEN'S STRIKE IN HONG KONG SPREADS

Hong Kong, March 1.—The seamen's strike which for seven weeks has crippled commerce through this port, overnight became a general strike involving the servants and guilds of all sorts.

The port has been closed and land transportation has been suspended. Losses to date as a result of the strike are estimated at \$400,000,000.

War time powers have been conferred upon the governor general to deal with the situation.

It was feared here today that the strike will spread to northern ports. Advice from Shanghai said precautions were being taken there where thousands of strike breakers have been recruited for the purpose of breaking the strike here.

COUNTY'S HEALTH IN EXCELLENT CONDITION

"The health condition of Greene County is unusually good," said County Health Commissioner, Dr. R. H. Grube, Wednesday.

There is not a case of a communicable disease in the entire county, under quarantine, according to Dr. Grube, and with the exception of a few cases of grip, and severe colds, the county is in a fine condition, exceeding previous years, at this season.

BITE NEARLY FATAL

BOMBSHELL THROWN INTO FIFTH-SIXTH SENATORIAL DISTRICT WITH WORD THAT CLINTON COUNTY ENDORSES G. G. PENCE

The Clinton County Republican nomination in the future. Some local politicians say they are willing to let Mr. Pence return to Columbus if he intends to attempt to bring about a repeal of the so-called anti-gripe law, which has brought the Fifth-Sixth Senator much publicity over the state since it was put in effect last spring.

In the meantime Greene County politicians, who were all set to toss their head-pieces into the arena, are marking time pending the outcome of the inter-county squabble.

In endorsing the candidacy of Pence for re-election, in contradiction to the rule which requires that senators only serve one term for each county, the Clinton County committee passed a resolution in which it up-held the rotation plan but branded the one-term rule as impractical, and that "this rule should no longer control, and that so long as the Fifth-Sixth Senatorial District exists as it now is that the two-term rule shall prevail."

Local Republican organization men are hard put to explain the action of the Clinton County Executive Committee, in the face of the action taken at Washington C. H. According to L. T. Marshall, chairman of the Greene County Republican Executive Committee, Ross, Highland and Clinton Counties originally favored the movement to change the one-term rotation plan to a two-term rotation plan and sought the endorsement of the Greene County Committee for the movement.

Mr. Marshall asked that a meeting of executive and central committee chairmen be called in Washington to discuss the proposition. At that time Clinton County organization men said they favored the plan, but would not insist that it be carried out unless the plan was unanimous. Fayette and Greene Counties expressed themselves as against the plan to change the system, while Ross, Highland and Clinton counties favored the movement. Because sentiment was divided however, the sentiment of the meeting was to let the old rule stand.

Those fighting the movement said that the institution of the plan at this time by the counties favoring it would disrupt the system that had been followed out, turn the campaign into a fight among candidates from different counties make it necessary for candidates to campaign over the five counties for nomination to a \$1,000 a year position, and confuse the arrangement so that it would permanently be in disuse. In contradiction to it statement that it did not favor the plan because it was not unanimously accepted, now comes the Clinton County committee and endorses Senator Pence for a second term.

Local Republican politicians are unable to explain the purpose back of the campaign for a second term for the author of the auto lens law. They are convinced something must be back of the strenuous effort of the Highland County Senator to obtain re-election but are unable yet to throw any light on the attempt at re-election which at present, prophesies disruption of the one-term rotation rule, and may mean that all five counties will wildly scramble for the

EMBEZZLEMENT CHARGED

Indianapolis, Indiana, March 1.—Richard V. Sipe, Marion county clerk, was arrested today on a warrant charging embezzlement, following discovery of a shortage of approximately \$140,000 in his accounts. The warrant charging specifically the embezzlement of \$5,000. Bond was fixed at \$10,000 but Sipe declared he would not ask any one to go the bond.

AIRPLANES USED TO CARRY RELIEF TO STRICKEN AREA

Snow Drifts Through Michigan Cause Serious Food Shortage

Traverse City, Mich., March 1.—Airplanes from Grand Rapids are being used today in an attempt to carry relief to the surrounding districts cut off from all communication by the huge snow drifts and which are believed to be in danger of a serious food shortage.

At Sutton's Bay the reservation Indians are eating their dogs. Settlers nearby are subsisting on the flesh of cattle killed by the blizzard.

Traverse City faced a food shortage but a relief grain forced its way through the drifts yesterday, the first grain since the storm. In communities nearby there is little chance of relief for days to come.

Fears are expressed especially for communities near here reached only by small railroads. In Antrim county many towns will be cut off from civilization for days. No word has been heard from communities in this county and today business men here were planning on sending relief expeditions to the larger places.

Last year this district was isolated for a month and the privation resulted in a number of deaths.

DISABLED VETERAN FINALLY IDENTIFIED

Dayton, March 1.—George W. Kesling, Heath, Montana, arrived here today and identified "Harold Payton," a disabled seaman at the National Military Home, who remembers nothing of his life previous to a head injury sustained while on board the U. S. S. Susquehanna, in foreign waters in 1917 as his son and made arrangements to take him home in a week or ten days.

Young Kesling, it is believed ran away to war, enlisted under the assumed name of Payton and was discharged from the navy under the name. He has toured the country in an effort to find someone who knew him and drifted into Dayton, the former home of his father. First identification was made by the boy's grandmother.

DOCTORS MADE IT FAMOUS

Gude's Pepto-Mangan Has Been Prescribed by Physicians for Thirty Years

Doctors wanted iron in a form easily absorbed into the blood and it was one of them, Dr. A. Gude, who found the way to give it. It is now sold by druggists everywhere—almost every druggist in the United States has Gude's Pepto-Mangan in both liquid and tablet form. Doctors everywhere advise weak and run-down people to build up with this splendid tonic. It puts color into the cheeks and increases strength and vitality by making the blood rich and red, and that is the only true and sure way to keep well. If you are all tired out and nervous and feel half sick and "cross," take Gude's Pepto-Mangan for a few weeks at meal time and you will feel like a new being. It is a wonderful tonic, and you will be delighted with the results.

DO YOU GET UP NIGHTS ON ACCOUNT OF BLADDER?

This Symptom Tells You Something Is Wrong. A Dayton Man's Experience.

Mr. John Lumpkins, 7 Carrie St., Dayton, Ohio, says in his own home paper, the Dayton Herald: "For two years I had to get up fifteen to twenty times each night. The scalding and pain was awful. After taking a few doses of Lithiated Buchu, the gravel came, until at least twenty-five pieces have passed. Some were as large as a bean. I am glad to have this way of telling my fellow sufferers about this great remedy." Lithiated Buchu acts on the kidneys and bladder like Epsom Salts on the bowels. It cleans them out and helps to relieve the bladder of abnormal deposits. The tablets cost 2c each. This price makes it possible to place in the formula several expensive drugs which are useful for relief. The formula is on the package. It is likely you have never taken anything similar. Try a few doses for backache, scalding, scanty or high colored urine and frequent desire at night. Be sure to get the Keller formula Lithiated Buchu at Sayre & Thompson and drug stores everywhere, or write The Keller Laboratory, Mechanicsburg, Ohio.

ALLEGED WORTHLESS CHECKS PASSED

Clarence Ellison, 22, of near Wilmington, is in the county jail, awaiting arraignment on a charge of issuing checks without having funds on deposit.

Ellison was arrested in Wilmington and returned to this city by Sheriff Funderburg and Deputy Day, Wednesday morning, to answer charges contained in three affidavits sworn out against him.

The affidavits charge Ellison with issuing checks on banks in which he has no funds, and he is said to have distributed the bad paper in cities all over this section of the state. Checks signed by Ellison are said to have shown up in Wilmington, Greenfield, and other cities in this section, besides Xenia.

Ellison has been arrested here before on similar charges authorities say, and in other instances, members of his family have made the checks good. His case will probably come before the next term of the grand jury.

URBANA HAS FORCE OF SECRET POLICE WHICH ARE PAID 3 DOLLARS YEARLY

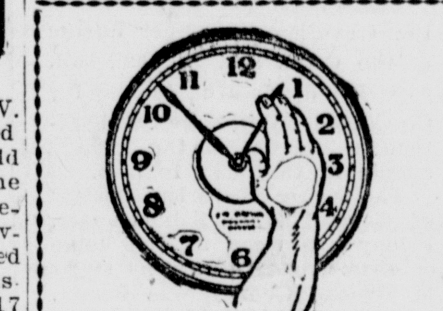

Urbana, March 1.—The personnel of Urbana's emergency or secret police force is now being selected by Safety Director D. C. Houser and the new force will be on duty within a few days.

Many of the first members appointed by ex-Safety Director P. J. Schneider, who organized the force last year, are being re-appointed. Five or six changes are being made, however, according to statements made by Safety Director Houser.

The names of the men on this force will not be made public and will be known only to city officials and members of the force. The force is believed by city officials to be responsible for the small amount of crime in Urbana during the past year.

According to a revised ordinance passed at the last session of the city council members of the force will receive an annual salary of three dollars. This will cover the premiums of the bonds required by the men on the force.

Placing the emergency police force on a salary basis has made it necessary to withdraw members of the fire department from the force as city officials are not allowed to draw two salaries at one time according to Safety Director Houser.

Health turns the Clock Backward

He Had Never Had a Stomach!

Wednesday Health Talk No. 9.
By G. C. DONOHOO, D. C.

A Western mining engineer was being interviewed by a magazine writer. Though he had spent his life at it he criticized everything and refused to see anything interesting, hopeful or human in mining. Then the interviewer switched to the subject health. The truth came out. The mining engineer had never had a stomach. He was tortured and soured by everything he ate.

When there is stomach trouble of this character, the cause is in the spine, as otherwise a change of diet, or a reduction in the amount of food would give relief. The chiropractor by chiropractic spinal adjustments of the vertebrae pressing upon spinal nerves to the stomach lifts the pressure and Nature restores normal digestive vigor. A good stomach makes an optimist.

RECOMMENDS CHIROPRACTIC FOR ALL STOMACH TROUBLES

"I was troubled with ulcers of the stomach and was in a hospital for an operation, but was too weak. Then I tried chiropractic spinal adjustments and now I am feeling as good as ever. Therefore, I highly recommend the adjustments to those afflicted with stomach troubles."—J. J. Schneider, Chiropractic Research Bureau statement No. 1304H.

COLD WEATHER TO CAUSE BIG LOSS TO FRUIT

Huge losses will be experienced on the orange and lemon crop in California this year, owing to cold weather that has spoiled great groves of the fruit, according to

Mrs. Charles Grandin, High Street, who returned home, Tuesday night.

Mrs. Grandin spent two months in California, visiting relatives in Los Angeles, Bakersfield, Fresno and Lindsay. February weather in California has been much improved, according to Mrs. Grandin, although the nights have been cool.

To Help Put on Good Firm Flesh and Round Out Your Face and Figure

Genuine Yeast Vitamine Tablets Often Produce Most Surprising Results. Get a FREE \$1.00 Package Today as Explained Below—Try Them for Ten Days and Watch the Results

Science has at last shown how we sometimes grow weak, thin, and emaciated on an abundance of food (lacking in vitamins) while with a much smaller amount of food, rich in vitamins, we may quickly take on good firm flesh, increase in weight, and make a remarkable gain in strength, energy and endurance, provided your blood contains sufficient quantity of oxygenated organic iron to enable your body to assimilate your food properly.

Without organic iron both food and vitamins are absolutely useless as your body cannot change lifeless inert food matter into living cells and tissue unless you have plenty of organic iron in your blood.

For centuries scientists tried in vain to make organic iron. At last the problem was solved so that you may now obtain pure organic iron like the iron in your blood from any druggist under the name of "Nuxated Iron."

It has been arranged to give every purchaser of Nuxated Iron, who wishes something to help put on flesh or increase weight, a large regular \$1.00 package of Genuine Yeast Vitamine Tablets absolutely free. Be sure to take only Nuxated Brand Yeast Vitamine Tablets with Nuxated Iron. Do not be misled by imitations which often contain drugs.

HOW NOT TO PAY BONUS.

Arthur Brisbane, super-journalist, has a solution for the bonus problem, which is brilliant even for him. There need be no difficulty about raising the money. There need be no disagreeable taxes, no bonds and no borrowings. If the government wants \$500,000,000 or any number of millions, to distribute at once among the service men, it can command the money at will, says Brisbane.

"Why not simply print the currency and pay the soldiers with perfectly good paper money manufactured by the government at the cost of paper and printing, without taxing anyone or disturbing any business?"

Wonderfully simple and simply wonderful. But not original. The German government and the Russian Soviet government both had exactly the same hunch and went ahead and acted on it, to finance their various governmental expenditures. As a result, German marks, normally worth 24 cents are quoted at a half a cent apiece, and Russian roubles are not quoted at all, because they are marketable only as waste paper.

Henry Ford had the same brilliant idea about financing Muscle Shoals. The government, he suggested, could raise the millions needed to finish the work by printing banknotes representing the potential energy of the Tennessee river. But, somehow, Uncle Sam could not see the plan and probably won't see the present one. Uncle Sam has had mournful experience in his time with fiat money and fake finance and has learned as Germany and Russia are learning, that even a sovereign government can't make money out of nothing.

"FUTILE TO TRY AGAIN."

In resentful amazement and rising wrath this Nation is watching the efforts of that bilious and jaundiced senatorial group of "Irreconcilables" against the Conference treaties. Are we to go through the same embittering, ugly reservation moves and counter-moves that tore and exasperated this country during the League struggle?

Are provincial minds and men with narrow souls to chip and whittle and hack away at these treaties until they are no more than a useless fragment of what they were intended to be and end by nullifying them wholly or in part? The opening moves in such a campaign have been made. There are others to come.

Load them down with reservations, sink the treaties under a burden of disavowals and non-commitments, hedgings and evasions! That seems to be the plan of campaign. Prowl and search for some possible shade of meaning that may be tortured and twisted into the filmy shadow of a menace! In place of good faith and confidence in the meaning of plain words, substitute bad faith and suspicion and pettifoggery!

The Senate is concerned greatly about its prerogatives and constitutional rights and privileges. The country is not unconcerned about them, but it is concerned far more with writing and approving the world's own Great Charter against wars. The Magna Charta of Peace that is bound up in these seven treaties that were laid before the Senate is of far more importance to those who pay in the blood and gold that is the price of war than they are in the rights and powers of either President and Senate.

PREPARING THE WAY.

A regular Great Lakes St. Lawrence steamship service is to be started next summer by a Chicago company. The new service is to run regularly between Chicago and Philadelphia.

Five ocean going steamships have been purchased to start the line. These are all of a length and draft suited to the capacity of the Welland canal, so that they can pass easily from the lakes to the St. Lawrence and so on to the sea. Regular ports of call will be Detroit, Quebec, Boston, New York and Philadelphia.

America stands at the beginning of a new era in the development of her waterways. There is no doubt of the determination of the middle west to have direct unimpeded access to the sea. The opening of this great Chicago-Philadelphia service may prepare the way for the greater service to come when a deep-draught canal shall be an accomplished fact.

U. S. LEADS.

A recent article in a London daily paper compared the American and British telephone systems. According to the writer's investigation, there are in the United States 11.4 telephones to every 100 population, while in Great Britain there are but 1.9 telephones to every 100 inhabitants.

Other countries ranging between these extremes are: Canada, 8.1 telephones per 100 people; Denmark, 7.3; New Zealand, 6.5; Sweden, 6.4; Norway, 4.5; Australia, 4.0; Switzerland, 3.0, and Germany, 2.3. Only two countries, of sufficient telephonic importance to be listed, are below Great Britain—Netherlands, with 1.8, and Argentine Republic, with 1.1.

THE MORAL EFFECT OF THE INCOME TAX ON THE RISING GENERATION.

1902--Twenty Years Ago--1922

Mr. F. W. Walker, one of the traveling passenger agents of the C. H. and D. railroad, took his departure today for Cincinnati, where he will attend a banquet of the passenger agents in that city tonight.

The Xenia Historical Society of Central High School met, Friday afternoon at the home of Ernest Clevenger. The study of Greene County was begun, two papers being given on the subject.

Greene County was swept last night, by a gale which was somewhat cyclonic in its nature. The wind was accompanied by snow and hail, small property damage being done over the city.

Three members of the engineering corps of the Pan-Handle railroad company were in the city today, making estimates and profiles of the overhauled bridge on South Detroit Street, with a view of putting a new bridge at that point.

There is one little suggestion that I should like to give today for the office worker who finds her back aches after sitting too long at a desk.

All girls who work in offices, unless

they take a good deal of exercise, or unless they are particularly strong, discover that after a little time they begin to grow round shoulders, and the head instead being held straight is unconsciously held somewhat forward. This means that the chin

droops, bringing on a double chin early in life, and that the sensitive little bone at the back of the neck between the shoulders stands out with too much prominence. Of course all this spoils the neck line and the chin line.

A splendid little exercise to correct this is to straighten up from the work now and then, clasp the hands back of the neck and straighten and stiffen the spine. If you do this now and then during the day you will avoid many a backache and many hours of feeling dragged-out after you have finished your work.

This suggestion is valuable for the woman who does her own work at home, as well as for the girl employed in an office. What it does is to draw up the muscles of the stomach and abdomen, to raise the chest, hold back the shoulders and throw the head and neck into proper position. This is one of the most beautifully restful exercises that I can recommend. Try it and see whether you do not feel much better for it.

REIGEL SAYS UNITS MUST MEET THE PLANS

Vernon M. Reigel, State Director of Education, has mailed notices to every superintendent and school principal in the state, giving the units which are required by Ohio high school standards before a student can be graduated.

These requirements are, "two units of English, two of social studies, one of which shall be advanced American History ½ civics, ½ and one unit of natural science."

High schools that graduate students whose units of credits do not conform, to the requirements of the State Department of Education, will have their licenses revoked, says Mr. Reigel.

Healing Cream Stops Catarrh

Clogged Air Passages Open at Once—Nose and Throat Clear.

If your nostrils are clogged and your head stuffed because of catarrh or a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, antiseptic, germ destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief.

How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or snuffling. Head colds and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure.

GOING IT TOO HARD?

Overwork, worry, overeating and lack of exercise and sleep are responsible for much kidney trouble. If your back aches and the kidneys seem weak, rest up and use Doan's Kidney Pills.

Leonard Jones, car inspector, Home Ave., Xenia, gave the following statement Aug. 2, 1917: "Heavy lifting and working in a cramped position while repairing cars brought on lumbago. I was stiff and lame across the small of my back. After I had worked in a cramped position for a few minutes I could hardly straighten up. I heard of Doan's Kidney Pills and began to use them. They certainly proved to be the medicine I needed for I began to get better immediately and after using a few boxes was rid of this attack. Since then I have resorted to Doan's at the first symptom of lumbago and they quickly relieve it."

On Aug. 15, 1921, Mr. Jones confirmed the above statement by saying: "Doan's deserve the highest praise I can give them as they absolutely cured me of kidney trouble some years ago." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Rippling Rhymes

GREATNESS.

Our Leading Citizen is dead, the greatest man in Punkville town; no more we mark his stately tread, no more we shrivel at his frown. He used to think—and so did we—that when he died all things would stop; oh, where would poor old Punkville be, without its anchor and its prop? And now he's resting in the shade, he's done with every mortal game; and Punkville reaches out for trade, and things go on about the same. Tin cars are scooting everywhere, at filling joints the gas is sold; men sit around the village square, and chew and argue as of old. The young folk breathe the same old tale of love and sunny days to come, and Abner Jinks has gone to jail, accused of peddling stone-fence rum. The farmer scours his rusty plow, the woods are full of candidates, the Blue Front store announces now a special sale of sleds and skates. A fire alarm still draws the throng, as does a scrap betwixt two dogs; the solar system humps along as though it hadn't slipped some cogs. Our Leading Citizen is dead, the pride and bulwark of our town, and o'er his calmly sleeping head we rear a shaft to hold him down. Oh, what an empty dream is pride, and what a hollow thing is fame! Our great man laid him down and died, and Punkville seems about the same.

MRS. D. M. BAILEY CALLED BY DEATH

Mrs. D. M. Bailey, life-long resident of Jamestown, died at her home, one mile east of Jamestown, on the Washington pike, Tuesday night at twelve o'clock, after a lingering illness. Mrs. Bailey had been in failing health for the past two years, her last illness being caused by a complication of troubles.

Mrs. Bailey was born in Jamestown, about sixty-eight years ago, the daughter of Mr. and Mrs. Vincent Glass, and had spent her entire life in that vicinity. She is survived by her husband, and four daughters, Mrs. Wilbur Hughes, Mrs. Charles Burr, Mrs. D. L. Earley, and Mrs. Bonner Jones, all of Jamestown. Three brothers, James Glass, Elias Glass, of Jamestown, and William Glass, of Selma, and three sisters, Mrs. Lucinda Tidd, of Hartford City, Indiana, Mrs. John Hargrave, of Bowersville, and Mrs. Ben Bryan, of Jamestown, also survive.

Mrs. Bailey had been a life-long member of the Jamestown Church of Christ. Funeral services will be held, Friday afternoon at one thirty o'clock at the late home, with interment at Jamestown.

OUCH! LAME BACK. RUB LUMBAGO OR BACKACHE AWAY

Kidneys cause backache? No! Listen! Your backache is caused by lumbago, sciatica, or a strain, and the quickest relief is soothing, penetrating St. Jacobs Oil. Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of St. Jacobs Oil from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest St. Jacobs Oil whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

HOWDY, FOLKS! SPRING'S HERE! HAVE YOU HAD YOUR YAWN TODAY?

Ho hum! Spring has come! Yawns again are in vogue. With the melting of the snows and the passing of bleak, biting winds, animals in the Bronx Zoo, at New York, knowingly

blinked their eyes. These pictures were taken February 23, when the thermometer reached 65 the hottest February day in fifty-one years. The animals felt balminess of spring weather

in their bones. From this collection of yawns, as snapped by the camera man, you may take your choice. Perhaps you feel as listless and lazy as the ingratiating Mr. Hippo.

Too Old To Fight, Was Told, But Record Rivals That of Alvin York

Jersey City, N. J., March 1.—The World War record of a third super-hero, Frank J. Bart, of West Hoboken, is being prepared for a place in the Hall of Fame today, following a ceremony here Monday night at which the Italian government added another medal to his already generous collection.

Bart's record is believed by officers of the Second Corps Area at Governor's Island to equal those of Sergeants Alvin York and Samuel Woodfill.

Bart enlisted in the Ninth Regiment when 42 years old, giving his age as 33 after recruiting officers repeatedly told him he was "too old to fight."

He doesn't know how many of the enemy he accounted for, nor how many of his wounded comrades he rescued. All he knows is that in his

WILL BE ABLE TO PLUMB UNKNOWN OCEAN DEPTHS

Washington, March 1.—A new device developed by the navy which makes it possible to measure ocean depths hitherto unknown and for navigators to take soundings easily, and as frequently as they wish has proved effective, in recent tests on the radio and sound experimental ship Ohio, Secretary Denby announced yesterday.

The device which is described as simple, employs sound apparatus similar to that developed for submarine detection during the war, the principle being the creation of a sound on shipboard and measuring the time between this sound and the return of its echo from the bottom of the sea. The time interval, it was said, can be obtained within one one-thousandths of a second.

old barracks bag he has three Croix de Guerre with silver star, bronze star and with palm awarded by the French Government; the French Medaille Militaire, the Montegrin War Cross, the Italian roce di Guerra and the American congressional Medal of Honor.

And he lifts his customary veil of modesty long enough to remark that he's glad to have a job "after 15 months of pounding the pavements looking for one and never finding any."

Bart was decorated at the Fourth Regiment Armory here Monday night by Colonel V. A. Di Bernezzo, Italian Military Attache at Washington.

The ceremony was attended by Colonel Peter Murray, Chief of Staff of the Second Corps Area at Governor's Island, several Congressmen and State county and city officials.

Bart went overseas in 1917 with the Second Division, along with the marines, his record reveals.

ROBBERS STEAL PACKAGE FROM BANK MESSENGER

Cincinnati, March 1.—Armed with revolvers bandits boarded a Ludlow street car at Third and Philadelphia streets, Covington, yesterday morning at 9:40 o'clock and after commanding 12 passengers to throw up their hands and remain quiet, they robbed Harold Nordloh, 19 years old, 54 Butler street, bank messenger for the First National Bank of Ludlow and Clinton J. Snyder, 28 years old, 131 Parkway, West Covington, Assistant Cashier of the bank of a package of \$7,000 in currency.

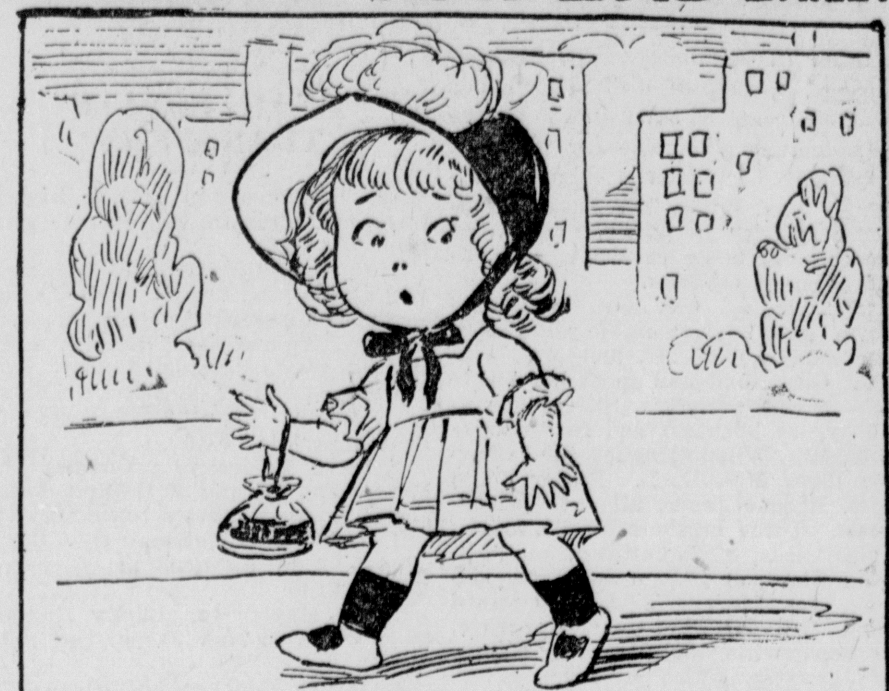

The three bandits according to the street car crew and passengers, then leaped from the front end of the car

and boarded a large touring car, which was driven on Bakerwell street, Covington, to Fourth street and then at increased speed across the Chesapeake and Ohio Railroad bridge to Cincinnati. As they were passing the toll house on the Cincinnati side the bandits threw the bridge fare to the collector and disappeared.

TWO MEN QUIZZED IN WILMINGTON

Wilmington, March 1.—James Reno, 50, and Roy McKinney, 29, arrested by Clinton County authorities in Cincinnati on charges of violation of liquor laws, have been questioned by Presiding Attorney Gregory in connection with the shooting of Patrolman McCreight by two men when the latter discovered them attempting to burglarize a Wilmington store. Both deny any connection with the shooting. County authorities will continue their investigations, however, it is understood.

Reno was arrested, Tuesday night, while McKinney was taken into custody, Sunday, both in Cincinnati. Reno has been arraigned and entered a plea of not guilty to the bootlegging charge, and his hearing has been set for Thursday morning.

SPENCE DRAWS FIVE YEAR TERM IN OHIO STATE PENITENTIARY

Springfield, Mar. 1.—Following conviction on a charge of manslaughter in connection with the death of Fred Colburn, Walter Spence 20, was sentenced to a minimum term of five years in the Ohio State Penitentiary by Judge Geiger, yesterday afternoon.

Spence, who was found guilty of manslaughter, in a long drawn out trial in which he was accused of driving a car which struck and killed Colburn, on Christmas night, as the latter was alighting from a street car, showed little emotion when sentence was pronounced. He maintains that he is innocent.

Some doubt over whether Spence should be sent to the penitentiary or to the Mansfield Reformatory was expressed, prior to passing sentence. It was pointed out, that since Spence is under 21 years of age, he could be sentenced to the reformatory. He will be taken to Columbus this week, unless a stay of execution is granted while his case is being taken to the court of appeals.

WIRELESS BUG STRIKES URBANA; MANY OUTFITS

Urbana, Mar. 1.—The wireless bug has struck Ohio with great force during the last two months and thousands of amateur operators have installed radio telephone and telegraph apparatus in their homes, according to dispatches from Columbus.

Urbana has not escaped the bite of the bug. Hardly a week goes by but that another victim is added to the list. Radio apparatus are the hobby of the local male sex from boys in the grammar schools and young men in the high schools to business and professional men. Even Fire Chief George Donovan has an outfit.

Fully twenty-five radio outfits are in operation in Urbana. Their aerials above private homes, business houses and school buildings.

Efficient Housekeeping

COOKING FOR ONE

Two Reader Friends have written me to ask for menus for a woman who is living alone and doing her own cooking. "There are so many women living alone, like me," says one of these letters, "and I believe they would all appreciate an article on this subject."

The problem in cooking for oneself alone, is to select foods that one can buy in small enough quantities so that left-overs will not be more than enough for one meal. Roasts such as leg of lamb, for instance, are out of the question—unless one wishes to have a guest in to share it with.

In the following menus I have not touched upon breakfasts; for the average woman likes about the same things for breakfast, day in, day out, and would not follow my suggestions for varying them.

When cooking potatoes it is best to do a double portion—half for the next day. As a pie would last too long for one person, the pie pastry can be baked in tart patties and these shells filled with either a lemon filling, raisin filling or a plain jelly filling.

Sunday Noon Dinner: Can of Consomme (using only half of it), beef loaf, mashed potatoes (double quantity) can of peas (half of it), coffee and raisin tarts.

Sunday Night Tea: Potato Salad from left over potatoes and bottled salad dressing, cocoa, preserves, cake.

Monday Noon Lunch: Peanut butter sandwiches, tea, stewed prunes.

Monday Night Dinner: Other half can of the consomme, boiled potatoes, cold beef loaf, other half can of peas, pickles, and tarts.

Tuesday Noon Lunch: Baked macaroni and cheese, cocoa, apple sauce.

Tuesday Night Dinner: Broiled slice of ham, creamed potatoes (left over from last night) spinach, coffee gelatine dessert (enough for two).

Wednesday Noon Lunch: Last night's ham left over minced and mixed with-boiled, mashed potatoes made into cakes, and fried. Coffee, rest of gelatine dessert.

Wednesday Night Dinner: Canned chicken soup (12 can), chops, baked potatoes, canned corn, and canned pineapple.

Thursday Noon Lunch: Cream cheese sandwiches, other half can of corn baked in ramekin, tea, cookies.

Thursday Night Dinner: Rest of last night's chicken soup. Hamburg steak meat balls, boiled rice, onions, coffee, rest of last night's can of pineapple.

Friday Noon Lunch: Left over rice from last night, formed into balls with floured hands and fried, then eaten with syrup. Tea.

Friday Night Dinner: One half can tomato soup, boiled cod, boiled potatoes, beets, and lemon meringue tarts.

Saturday Noon Lunch: Bacon sandwiches (using cold, left over bacon from breakfast) cocoa, cookies.

Saturday Night Dinner: Other half can of tomato soup, pork and beans, fried potatoes, left over cooked beets heated in vinegar with spices (a quick pickle); orange-banana salad, and tapioca pudding.

If the housekeeper has dinner at noon, the luncheon menus given here may be used for suppers with equal appropriateness.

Tomorrow—Some Knitting and Crochet Directions.

HELEN HUNTER'S HUSBAND

BY JANE PHELPS

HELEN MISSING
CHAPTER 52.

Helen heard the door close, and crept to the window. Holding the shade so she could just see at the side, she watched Jack call a taxi, and jump in.

"Taxi this morning!" she exclaimed in surprise. "Must be a big policy he's after. I'll get my share, or I'll know the reason why!" she looked ruefully at the mess on the floor.

"I hope he left some coffee!" she muttered as she slipped on her mules and sought the kitchen.

She lifted the pot, and found it half full. Lighting the stove she heated it, and made herself some toast. Then she bathed and dressed, not clearing away either the debris of the breakfast Jack had brought her, or that in the kitchen.

"I'll give him a lesson! He can't treat me like that and get away with it!" she said aloud, admiring herself in the glass. She had taken great sun streamed into his office. But I think he carried ice in his pockets for he froze me the minute I approached him. And I left his office hoping never to return!

There are those, however, who always warm my whole life whenever I come in contact with them.

A letter came to me the other day from a stranger who said he was 37 years old, and who rather apologized for sending me a word of cheer. But he warmed the very minutes consumed in reading his gracious letter, and he has warmed my heart through every day since.

We realize that a small amount of warmth means when sent out from us to someone else.

The fineness of Lincoln's face, I believe, is the warmth that is there. Everyone who ever approached him testifies to the simple sweetness of the character back of his face. He couldn't shoot boys for falling asleep at duty, because he knew that they were merely boys—tired from the long days of watchin and tramping.

I know when I come into a warm home. And I know when I meet a warm, radiant life.

The sun always gives out warmth. And it distributes throughout the world great blessings because of what it has to give. It's only when the clouds appear that dark days come. The sun keeps shining just the same—behind.

That is the sort of heart we should each one have—one that will keep warm behind the difficulties and troubles of life—

Hearts that will keep drawing everyone in the world nearer us!

Quick Relief for Stomach Trouble

Money Back If Dr. Jackson's Digestive and Liver Powder Doesn't Do It. Free Sample Sent on Request.

Dr. A. L. Jackson practiced medicine in Ohio during thirty busy years. A great many of his patients were sufferers from stomach ill, and for these he evolved Dr. Jackson's Digestive and Liver Powder, using it for 30 years in his practice. Dr. Jackson's ripe experience taught him the superiority of powder over tablets, capsules and pills. The stomach does not have to digest a powder. When it reaches that organ immediate action is possible. The swift work of Dr. Jackson's Digestive and Liver Powder proves this. In cases of acute indigestion it usually brings immediate relief. Ordinary evils of indigestion—sour and gassy stomach, heartburn, bloating—are usually banished by the very first dose. If not satisfied with results after using the first box your money will be cheerfully refunded. At most druggists, etc. Send for free sample. Jackson Medicine Company, Zanesville, Ohio.

No. 11 The H. & A. LABOR IDEA

Most so-called Welfare Work is practiced by Companies using highly skilled and highly paid labor and producing expensive and highly profitable goods. Few Companies, of the general class to which the H & A belongs, feel that they have any time or money to spare for such work. The H & A labor policy has been formulated with the idea of getting and maintaining a steady and satisfied group of employees. It was adopted not as a fad but as a scientific and humane method of, in the long run, obtaining better goods at a lower cost per pound than would be possible with a constantly shifting and dissatisfied organization.

The labor policy of the Company may be summed up as a personal one rather than the impersonal one so generally followed. Discipline is maintained, of course, but the problems of individuals and groups of employees—many of them entirely outside the ordinary line of work—are studied and an effort made to understand and assist wherever possible. Entirely apart from his position, every H & A employee is regarded as simply one of the big H & A family and is to be helped and protected in every possible way. This means a good deal of extra work for some of the officers but has been found to be well worth while.

A. & J. Frank, The Brokers Say:

Optimistic investors have stopped sacrificing good securities

It is a mighty encouraging sign to see so many of our clients and friends take such an optimistic view of future business conditions. In many instances these investors have started to take advantage of the various good securities which are now to be had at bargain prices.

The present prices of industrial stocks reflect their earning power rather than their intrinsic value. The decreased earnings have brought low stock market quotations. Many of these companies are just as sound and their products just as good as the day when you purchased their securities.

Better times are coming. It may be years before such securities can again be purchased at the present low prices. These low prices offer a splendid opportunity to investors to materially reduce the per share investment of stocks purchased at higher prices.

We are selling many of the R. L. Dollings Co. issues at 82½ per share, with the exception of Southern Cattle Feeding and Florida Farms & Industries, pfd., which we quote at 76. At 82½ these shares net the investor around 8¼ per cent. These stocks are non-taxable in Ohio. We believe they are a good buy. Further details upon request.

SHINOLA
America's Home Shoe Polish
GIVES NEW LIFE TO SHOES

The SHINOLA box has an easy turning-key that automatically lifts the lid. No soiled hands or broken finger nails.

Black, Tan, White, Ox-blood and Brown.

—Always 10c.

To make shoe neatness an easy habit—get the SHINOLA Home Set.

A genuine bristle dauber which cleans the shoes, applies polish quickly and easily. Large lamb's wool polisher brings the shine with a few strokes.

It's best to say "SHINOLA"
